Public Service	6
SAAHU Calendar of Events	7

This will be my final message to you as your SAAHU President. It has been a true privilege to serve this association that has given me so much. I have gained far more than a professional network, but a network of friends that have supported and encouraged me. I have learned so much from so many of you and it has truly been an honor to serve as your president.

I will certainly not disappear as I hand over this office to Nedra Clingan, because part of what makes our local chapter so strong is those that have served in this role and continue to assist, mentor and serve in some capacity. When I attend state meetings it is so amazing to see just how many San Antonians we have in leadership at the state level, continuing to serve our members with excellence. We have a great deal to be proud of and I hear from folks all the time that San Antonio is the BEST chapter in Texas. I am sure you would agree.

As a chapter we have continued to excel in May, with an excellent luncheon that had record attendance. Eric Johnson and Vanessa Johnson's presentation on King V. Burwell was informative and thought provoking.

Coming up in June we will welcome NAHU President Ryan Thorn to our luncheon on June 17th. He will conduct the officer induction and present a one- hour CE that looks at the role of NAHU in ACA implementation along with the ever change role of the agent as an advisor. We will also be honoring some of our local award winners.

I would for Ryan Thorn to see San Antonio members SHOW UP for this luncheon, so he can see just what an outstanding chapter we have. Please make plans to join us for this special day. We will be giving out the SAAHU Underwriter of the Year Award, and Ryan Thorn has a Presidential Service Award he will be honoring one of our local members with.

We look forward to seeing you June 17th.

Thank you,
Carla Adams
SAAHU President
